ITEM 1. DESCRIPTION OF PROPOSED TRANSACTIONS

Unitil Corporation, a New Hampshire corporation ("Unitil") and a registered holding company under the Public Utility Holding Company Act of 1935, as amended (the "Act"), and its wholly owned subsidiary companies, Fitchburg Gas and Electric Light Company ("Fitchburg"), Unitil Energy Systems, Inc. ("Unitil Energy"), Unitil Power Corp. ("Unitil Power"), Unitil Realty Corp. ("Unitil Realty"), Unitil Resources, Inc. ("Unitil Resources") and Unitil Service Corp. ("Unitil Service" and, together with Fitchburg, Unitil Energy, Unitil Power, Unitil Realty and Unitil Resources, the "Subsidiaries"),¹ hereby submit this application-declaration on Form U-1 (the "Application-Declaration") with the Securities and Exchange Commission (the "Commission") for the authorization and approval under Sections 6(a), 7 and 12(b) of the Act and the Rules 45 and 52 thereunder for certain hedging transactions with respect to existing indebtedness of Unitil or the Subsidiaries in order to manage and minimize interest rate costs, and certain hedging transactions with respect to anticipatory debt issuances in order to lock-in current interest rates and/or manage interest rate risk exposure.

(a) Interest Rate Hedges. Unitil, and to the extent not exempt pursuant to Rule 52, the Subsidiaries, request authorization to enter into interest rate hedging transactions with respect to existing indebtedness ("Interest Rate Hedges"), subject to certain limitations and restrictions. Interest Rate Hedges would be used as a means of prudently managing the risk associated with outstanding debt issued pursuant to, and subject to the limitations of, financing authority granted to the Applicants by the Commission under the Act or an applicable exemption therefrom by, in effect, synthetically (i) converting variable-rate debt to fixed-rate debt, (ii) converting fixed-rate debt to variable-rate debt, and (iii) limiting the impact of changes in interest rates resulting from variable-rate debt. In no case will the notional principal amount of any interest rate swap exceed the face value of the underlying debt instrument and related interest rate exposure. Transactions will be entered into for a fixed or determinable period. Thus, the Applicants will not engage in leveraged or speculative derivative hedging transactions. Interest Rate Hedges (other than exchange-traded Interest Rate Hedges) would only be entered into with counterparties ("Approved Counterparties") whose senior unsecured debt ratings, or the senior unsecured debt ratings of the parent companies providing a guarantee of the counterparties, as published by Standard & Poors Rating Services, are equal to or greater than BBB, or an equivalent rating from Moody's Investors Service or Fitch Inc.

Interest Rate Hedges will involve the use of financial instruments commonly used in today's capital markets, such as exchange-traded interest rate futures contracts and over-the-counter interest rate swaps, caps, collars, floors, options, forwards, and structured notes (i.e., a debt instrument in which the principal and/or interest payments are indirectly linked to the value of an underlying asset or index), or transactions involving the purchase or sale, including short sales, of U.S. Treasury Securities or U.S. government agency (e.g., Fannie Mae) obligations, or LIBOR-based swap instruments and similar products designed to manage interest rate or credit risks. The transactions would be for fixed periods and stated notional amounts.

¹ For purposes of this Application-Declaration, Unitil and the Subsidiaries are collectively referred to as the "Applicants."

(b) Anticipatory Hedges. In addition, Unitil and the Subsidiaries request authorization to enter into interest rate hedging transactions with respect to anticipated debt offerings (the "Anticipatory Hedges"), subject to certain limitations and restrictions. Such Anticipatory Hedges (other than exchange-traded Anticipatory Hedges) would only be entered into with Approved Counterparties, and would be utilized to fix and/or limit the interest rate risk associated with any new issuance through (i) a forward sale of exchange-traded U.S. Treasury futures contracts, U.S. Treasury Securities and/or a forward-dated swap (each a "Forward Sale"), (ii) the purchase of put options on U.S. Treasury Securities (a "Put Options Purchase"), (iii) a Put Options Purchase in combination with the sale of call options on U.S. Treasury Securities (a "Zero Cost Collar"), (iv) transactions involving the purchase or sale, including short sales, of U.S. Treasury Securities, or (v) some combination of a Forward Sale, Put Options Purchase, Zero Cost Collar and/or other derivative or cash transactions, including, but not limited to structured notes, caps and collars, appropriate for the Anticipatory Hedges.

Anticipatory Hedges may be executed on-exchange ("On-Exchange Trades") with brokers through (i) the opening of futures and/or options positions traded on the Chicago Board of Trade, the New York Mercantile Exchange or other financial exchange, (ii) the opening of over-the-counter positions with one or more counterparties ("Off-Exchange Trades"), or (iii) a combination of On-Exchange Trades and Off-Exchange Trades. Unitil will determine the optimal structure of each Anticipatory Hedge transaction at the time of execution.

(c) General. The Applicants will comply with Statement of Financial Accounting Standards ("SFAS") 133 ("Accounting for Derivative Instruments and Hedging Activities"), SFAS 138 ("Accounting for Certain Derivative Instruments and Certain Hedging Activities") and SFAS 149 ("Amendment of Statement 133 on Derivative Instruments and Hedging Activities") or other standards relating to accounting for derivative transactions as are adopted and implemented by the Financial Accounting Standards Board ("FASB"). The Applicants represent that each Interest Rate Hedge and each Anticipatory Hedge will qualify for hedge accounting treatment under the current FASB standards in effect and as determined as of the date such Interest Rate Hedge or Anticipatory Hedge is entered into. The Applicants will also comply with any future FASB financial disclosure requirements associated with hedging transactions.

Fees, commissions and other amounts payable to the counterparty or exchange (excluding, however, the swap or option payments) in connection with an interest rate risk management arrangements will not exceed those generally obtainable in competitive markets for parties of comparable credit quality.

By order dated June 30, 2003 (Holding Co. Act Release No. 27691, (the "Short Term Debt Order")), the Applicants are currently authorized to make unsecured short-term borrowings in the amount of \$55 million for Unitil and \$35 million for Fitchburg and to operate a Money Pool. Applicants may enter into Interest Rate Hedges and/or Anticipatory Hedges with respect to borrowings under the bank lines authorized in the Short Term Debt Order or any future order issued by the Commission with respect to debt financing by the Applicants. To the extent that the borrowed funds subject to the relevant authorized hedging instrument are contributed to the Money Pool, the related benefits of the hedging instrument will be passed through to the

Subsidiary borrowing the funds through the Money Pool. Similarly, in such cases, the costs and fees of the hedging instrument will be allocated to the borrowers of the funds from the Money Pool as part of, and pursuant to the same allocation formula as, interest charges under the existing Cash Pooling and Loan Agreement. Following the issuance by the Commission of any approval pursuant to this Application-Declaration, Applicants intend to amend the Cash Pooling and Loan Agreement to provide for the allocation of hedging instrument costs and fees as described above.

Applicants are requesting the proposed authority in order to be able to more efficiently and flexibly manage their financial risk using techniques commonly used by utility holding company systems. Indeed, the proposed terms and conditions of the Interest Rate Hedges and Anticipatory Hedges are substantially the same as the Commission has approved in other cases (see, PNM Resources, Inc., Holding Co. Act Release No. 27943 (Dec. 30, 2004); Black Hills Corporation Holding Co. Act Release No. 27933 (Dec. 29, 2004); Alliant Energy Corporation, Holding Co. Act Release No. 27930 (Dec. 28, 2004); Ameren Corporation, Holding Co. Act Release No. 27860 (June 18, 2004), NiSource Inc., Holding Co. Act Release No. 27789 (Dec. 30, 2003)).

The proposed transactions may be subject to Rules 53 and 54 under the Act. Neither Unutil nor any Subsidiary thereof presently has, or as a consequence of the proposed transactions will have, an interest in any exempt wholesale generator ("EWG") or foreign utility company ("FUCO"), as those terms are defined in Sections 32 and 33 of the Act, respectively. None of the proceeds from the proposed transactions will be used to acquire any securities of, or any interest in, an EWG or FUCO. Consequently, all applicable requirements of Rule 53(a)-(c) under the Act are satisfied as required by Rule 54 under the Act.

The authorization sought herein shall be conditioned on Unutil, Unutil Energy and Fitchburg maintaining a common equity level (as reflected in the most recent 10-K or 10-Q filed with the Commission under the Securities and Exchange Act of 1934, as amended, ("1934 Act") adjusted to reflect changes in capitalization since the balance sheet date therein) of at least 30% of its consolidated capitalization (composed of common equity, preferred stock, short-term and long-term debt) during the period of authorization. As of March 31, 2005, 40% of Unutil's consolidated capitalization was common equity; 42% of Unutil Energy's capitalization was common equity; and 35% of Fitchburg's consolidated capitalization was common equity, in each case calculated as set forth above.

No securities (apart from securities issued for the purpose of funding money pool operations) may be issued in reliance upon any order granted hereunder, unless: (i) all outstanding securities of the issuer that are rated are rated investment grade; and (ii) all outstanding securities of Unutil that are rated are rated investment grade. For purposes of this condition, a security will be considered rated investment grade if it is rated investment grade by at least one nationally recognized statistical rating organization, as that term is used in paragraphs (c)(2)(vi)(E), (F) and (H) of Rule 15c3-1 under the 1934 Act./2 Applicants request

2\ Applicants note that none of the outstanding debt securities of Unutil, Fitchburg or Unutil Energy have been issued in a public offering and none are currently rated by a nationally recognized statistical ratings organization.

that the Commission reserve jurisdiction over the issuance of any securities at any time that the conditions set forth in clauses (i) and (ii) above are not satisfied.

In accordance with the terms of the Short Term Debt Order, the Applicants file, and will continue to file, with the Commission reports on short-term borrowings and Money Pool transactions on a quarterly basis within 30 days after the end of each calendar quarter, which contain, for each company, (i) the maximum principal amount of short-term borrowings outstanding, (ii) the average interest rate for the Money Pool borrowings for the period, (iii) the maximum amount outstanding during the period for each source of outside borrowings and (iv) the common equity capital as a percent of total capitalization (composed of common equity, preferred stock, long-term and short-term debt) for each of Unitil (on a consolidated basis), and Fitchburg and Unitil Energy . Following the issuance by the Commission of any approval pursuant to this Application-Declaration, the Applicants undertake to also include in such rule 24 certificates information as to the notional amount and principal terms of any Interest Rate Hedges or Anticipatory Hedges entered into during the quarter and the identify of the other parties to the transaction which shall also separately show the outstanding amount of Interest Rate Hedges or Anticipatory Hedges previously reported.

ITEM 2. FEES, COMMISSIONS AND EXPENSES

The fees, commissions and expenses of the Applicants expected to be paid or incurred, directly or indirectly, in connection with the transactions described above are estimated as follows:

Legal fees.....	\$6,000
Miscellaneous.....	\$2,000
Total.....	\$8,000

ITEM 3. APPLICABLE STATUTORY PROVISIONS

Sections 6(a), 7, and 12(b) of the Act, and Rules 45 and 52 thereunder, are directly applicable to this Application-Declaration.

ITEM 4. REGULATORY APPROVALS

The entry into Interest Rate Hedges and Anticipatory Hedges by Unitil Energy Services, Inc. will require approval of the New Hampshire Public Service Commission and therefore may be exempt from Commission approval under Rule 52. No state or federal agency other than the Commission has jurisdiction with respect to any of the proposed transactions other than as described in this item.

ITEM 5. PROCEDURE

It is requested that the Commission issue and publish no later than June 17, 2005 the requisite notice under Rule 23 with respect to this Application-Declaration; and such notice to specify a date not later than July 12, 2005 as the date after which an order granting and

permitting this Application-Declaration to become effective may be entered by the Commission. Applicants are unaware of any comments having been timely filed with the Commission regarding this Application-Declaration. Applicants request that the Commission enter not later than July 15, 2005, an appropriate order granting and permitting this Application-Declaration to become effective.

No recommended decision by a hearing officer or other responsible officer of the Commission is necessary or required in this matter. The Division of Investment Management of the Commission may assist in the preparation of the Commission's decision in this matter. There should be no thirty-day waiting period between the issuance and effective date of any order issued by the Commission in this matter, and it is respectfully requested that any such order be made effective immediately upon the entry thereof.

ITEM 6. EXHIBITS AND FINANCIAL STATEMENTS

(a) Exhibits

Exhibit No. -----	Description of Exhibit -----
F-1	Opinion of Counsel (to be filed by Amendment).
F-2	"Past Tense" Opinion of Counsel (To be filed by Amendment).
G-1	Proposed Form of Notice

(b) Financial Statements

No. ---	Description of Financial Statement -----
FS-1	Unitil Corporation and Subsidiary Companies Consolidated Actual Balance Sheet and Statement of Earnings, December 31, 2004 and Unaudited Actual Balance Sheet and Statement of Earnings, March 31, 2005 (Filed with the Commission with Unitil's 10-K for the year ended December 31, 2004 and 10-Q for the quarter ended March 31, 2005, and incorporated by reference herein).

ITEM 7. INFORMATION AS TO ENVIRONMENTAL EFFECTS

None of the matters that are the subject of this Application-Declaration involve a "major federal action" nor do they "significantly affect the quality of the human environment" as those terms are used in Section 102(2)(C) of the National Environmental Policy Act. None of the proposed transactions that are the subject of this Application-Declaration will result in changes in the operation of the Applicants that will have an impact on the environment. The Applicants are not aware of any federal agency which has prepared or is preparing an environmental impact statement with respect to the transactions proposed herein.

SIGNATURE

Pursuant to the requirements of the Public Utility Holding Company Act of 1935, the Applicants have duly caused this Application-Declaration to be signed on their behalf by the undersigned thereunto duly authorized.

Dated: June 1, 2005

SECURITIES AND EXCHANGE COMMISSION

(Release No. -)

Filings Under the Public Utility Holding Company Act of 1935, as amended ("Act")

Unitil Corporation et al. (70-)

Unitil Corporation ("Unitil"), 6 Liberty Lane West, Hampton, New Hampshire, 03842-1270, a registered holding company under the Act, and its wholly owned subsidiary companies, Fitchburg Gas and Electric Light Company ("Fitchburg"), Unitil Energy Systems, Inc., Unitil Power Corp., Unitil Realty Corp., Unitil Resources, Inc. and Unitil Service Corp. (the "Subsidiaries" or "Money Pool Participants" and together with Unitil the "Applicants") have filed an application-declaration under Sections 6(b), 7 and 12(b) of the Act and Rules 43 and 45 thereunder.

Unitil, and to the extent not exempt pursuant to Rule 52, the Subsidiaries, request authorization to enter into interest rate hedging transactions with respect to existing indebtedness ("Interest Rate Hedges"), subject to certain limitations and restrictions. Interest Rate Hedges would be used as a means of prudently managing the risk associated with outstanding debt issued pursuant to, and subject to the limitations of, financing authority granted to the Applicants by the Commission under the Act or an applicable exemption therefrom by, in effect, synthetically (i) converting variable-rate debt to fixed-rate debt, (ii) converting fixed-rate debt to variable-rate debt, and (iii) limiting the impact of changes in interest rates resulting from variable-rate debt. In no case will the notional principal amount of any interest rate swap exceed the face value of the underlying debt instrument and related interest rate exposure. Transactions will be entered into for a fixed or determinable period. Thus, the Applicants will not engage in leveraged or speculative derivative hedging transactions. Interest Rate Hedges (other than exchange-traded Interest Rate Hedges) would only be entered into with counterparties ("Approved Counterparties") whose senior unsecured debt ratings, or the senior unsecured debt ratings of the parent companies providing a guarantee of the counterparties, as published by Standard & Poors Rating Services, are equal to or greater than BBB, or an equivalent rating from Moody's Investors Service or Fitch Inc.

Interest Rate Hedges will involve the use of financial instruments commonly used in today's capital markets, such as exchange-traded interest rate futures contracts and over-the-counter interest rate swaps, caps, collars, floors, options, forwards, and structured notes (i.e., a debt instrument in which the principal and/or interest payments are indirectly linked to the value of an underlying asset or index), or transactions involving the purchase or sale, including short sales, of U.S. Treasury Securities or U.S. government agency (e.g., Fannie Mae) obligations, or

LIBOR-based swap instruments and similar products designed to manage interest rate or credit risks. The transactions would be for fixed periods and stated notional amounts.

In addition, Unitil and the Subsidiaries request authorization to enter into interest rate hedging transactions with respect to anticipated debt offerings (the "Anticipatory Hedges"), subject to certain limitations and restrictions. Such Anticipatory Hedges (other than exchange-traded Anticipatory Hedges) would only be entered into with Approved Counterparties, and would be utilized to fix and/or limit the interest rate risk associated with any new issuance through (i) a forward sale of exchange-traded U.S. Treasury futures contracts, U.S. Treasury Securities and/or a forward-dated swap (each a "Forward Sale"), (ii) the purchase of put options on U.S. Treasury Securities (a "Put Options Purchase"), (iii) a Put Options Purchase in combination with the sale of call options on U.S. Treasury Securities (a "Zero Cost Collar"), (iv) transactions involving the purchase or sale, including short sales, of U.S. Treasury Securities, or (v) some combination of a Forward Sale, Put Options Purchase, Zero Cost Collar and/or other derivative or cash transactions, including, but not limited to structured notes, caps and collars, appropriate for the Anticipatory Hedges.

The Applicants state they will comply with Statement of Financial Accounting Standards ("SFAS") 133 ("Accounting for Derivative Instruments and Hedging Activities"), SFAS 138 ("Accounting for Certain Derivative Instruments and Certain Hedging Activities") and SFAS 149 ("Amendment of Statement 133 on

Derivative Instruments and Hedging Activities") or other standards relating to accounting for derivative transactions as are adopted and implemented by the Financial Accounting Standards Board ("FASB"). The Applicants represent that each Interest Rate Hedge and each Anticipatory Hedge will qualify for hedge accounting treatment under the current FASB standards in effect and as determined as of the date such Interest Rate Hedge or Anticipatory Hedge is entered into. The Applicants state they also will comply with any future FASB financial disclosure requirements associated with hedging transactions.

Fees, commissions and other amounts payable to the counterparty or exchange (excluding, however, the swap or option payments) in connection with an interest rate risk management arrangements will not exceed those generally obtainable in competitive markets for parties of comparable credit quality.

Applicants indicated that they are requesting the proposed authority in order to be able to more efficiently and flexibly manage their financial risk using techniques commonly used by utility holding company systems.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.
